WACONIA DEPARTMENT.

Don't forget our fair on the 12th inst. From indications we believe it will be a good one.

There is a young man in town whose clothes are too small for him. We do not believe one of Genl. Grant's overcoats would make a vest for him.

Wheat 84 cents, and the farmers heart begins to rejoice.

August Treichel, has commenced a store in his residence.

A. C. Lassen, and Anton Wostrel, took in Glenwood last week and report a good time. They put up while there at the popular North-western Hotel, Joseph Rhein proprietor, where they received special attentions as old Carver Co. friends.

Mr. Niehaus, has the thanks of the ladies of the leap year party for his presence, thereby insuring order.

August Fable, the gallant young man of Norwood, spent Sunday night in vicinity. There is some attraction for August over here which we hope will soon come to a head.

The sudden changes in the weather for the past week, has caused many old settlers to look toward the Pacific coast and the reefs of Florida.

Miss Helma Brunius is conducting an evening school in Scandia, for the benefit of those who wish to learn the German language.

The Mix family spent Saturday and Sabbath in Excelsior.

Mrs. Alex Miller is prepared to do all varieties of dress-making and solicits the patronage of the public.

If you can't find happiness in your own family don't seek it elsewhere, or you'll be sure to find yourself running after a shadow.

Mr. L. W. Pettijohn a successful teacher in the Volga district, spent last Sabbath in Shakopee.

G. A. Heinicke is always prepared to furnish his customers with fresh cysters of all grades. Don't forget the Baltimore Oyster House.

The energetic young ladies of this place gave the young men a very pleasant Leap-Year party on last Friday evening. We believe only two of the fair sex received the "hundred," and that was on account of misplaced confidence.

How handsomely those boys attired themselves about the middle of the afternoon and then signed and waited for their attendants who called for them "at early candle light."

At Poles had they tripped the light fantastic toe till 10 o. c. p. m. when they adjourned to the Lake House and sat down to a supper which did the occasion justice.

A smile of contentment rested on those masculine brows as they viewed the variety of delicacies before them and then thought of the bills they need not pay. Those girls had the cash and settled up the matter in a business like manner.

At precisely midnight the evening pleasures ceased and we believe all went home happy and satisfied. Whether any engagements took place or not we are unable to say, but expect as a result numerous wedding feasts and honey moons.

Wheat has been moving a little

more freely of late, increasing busi-

Prof. J. Zayhony, of St Paul was

in town last Friday. He is busi-

ness all over.

Lucien Warner, of St. Paul, has

returned home from his visit to

Florida. He is improved in health.

Business with our merchants

during the last month has been

good, and what is rather increas-

ing every day.

Tramps have been rather nume-

rous of late, but our night watch

makes them git.

Co. Treasurer Weego, has been

under the weather for a few days

past. He is suffering with a bad

cold.

One of our brick firms have

bought and paid cash \$9,000 for

wood during the last two months.

The call for money at the Bank,

is not as large just now as it was a

month ago. It seems to be easing

up a little.

The outlook for our brick yards

next season, is splendid. Several

very large contracts have already

been made.

Mr. Freeman James, of St. Paul,

A Big Draft.

Finnegan Bros., purchased a

Carver County Bank, of \$7,500, for

settlement of last years business on

account of "Deering Machines"

sold in 1883, being full balance of

a \$23,000, account.

This shows one item of the ex-

tensive business done by the Fin-

of note.

Union Brewery.

Contrary to the announcement

made in our last issue, Messrs. Illis

Brewery to Krotsch & Krall, and

Messrs. Illis & Sheary will continue

the business as heretofore and will

supply their customers as usual

with the best beer made in the

valley.

Illis & Sheary will also pay cash

for all malt & barley delivered at

their Brewery.

Arrested for Assault.

Gerdhard Morschen, of Dahlgren,

was arrested and brought before

Justice Illis last Monday, on com-

plaint of Gottlieb Finkel, who charges

him with having committed as-

sault upon him on the public high-

an election was held for officers for

the ensuing year, as follows:

Hon. H. J. Peck, H. P. P.

Geo. A. DuToit, K. C.

Chas. Johnson, S. C.

J. W. Sencerbox, C. H. H.

Peter Wergo, P. S.

Minneapolis.

January 24th, the second coldest

day of the season. Thermometer

ranging from 32 to 36 degrees be-

low zero.

The Lumbermen are happy, and

reaping a rich harvest from the

favorable weather for logging. It

is estimated that the cut will be

much larger than last year, and

lumber in the markets be sold at

reduced prices.

The "building boom" shows no

signs of a check; contracts for work

for the coming season already ex-

ceed those of the same time, made

in previous years.

Real Estate is firm, and there has

been no very perceptible decline in

prices during the winter. The

transfers, which are made weekly,

indicates confidence on the part of

the purchasers, and hope in the

growing future of our city.

Prof. Tinsley, has returned from

his Councilship in Europe, to as-

sume control again, of our city

school. The Prof. is furnishing an

interesting course of lectures, con-

necting with them very fine views

of the places and points of interest

which he has visited. This is a

rare treat, and is greatly appreciated

by our grand army of two

hundred teachers.

Fires in the city have been fre-

quent of late, and show a dissatis-

fying restless feeling somewhere.

Incendiarism and theft commonly

go together.

Good sleighing has brought in

large quantities of wood from the

country, and a small reduction in

prices is joy to all classes.

The Valley Herald is one of the

numerous exchanges that come

to our room. It is the face of an

old friend. Long may it flourish

GRAND

Ball at John Lorfeld.

I take this method of informing

the public that I will give a grand

ball at my hall, in Duhlgren, on

Sunday evening, Febr 24th, 1884,

to which I cordially invite the pub-

lic. Good music and the best of

refreshments for all who may at-

tend.

School House Burned.

The Catholic School House, at

St. Bonifacius, burned down last

week together with the desks, maps

and books therein. It occurred in the

night and is supposed to have

been set on fire by tramps. We do

not know the extent of the loss.

Pay Your Taxes.

All personal taxes must be paid

on or before March 1st, next, or a

penalty of 5 per cent will attach.

Real Estate taxes must also be

paid on or before June 1st in order

to save the interest which attaches

after that time.

Black List.

The Carver Free Press and

Glencoe Enterprise, talk about

publishing a "black list" contain-

ing the names of all subscribers

who are in arrears for three years

and over. We will wait and see

how it works. If it accomplishes

its purpose we will try it *One*

Year.

New Church Steeple.

Rev. Father Ambrose, pastor of

the Catholic Church, Victoria, will

erect a steeple in front of the church

early next season. The steeple

will be 115 feet high, the lower part

being of brick, and the remainder

of wood. Bids are invited for

the work, as will be seen by

glancing over our local columns.

Read This.

The undersigned has resolved to

give his customers and all others in

want of overcoats or other ready

made clothing, millinery goods,

in fact anything in the line of win-

ter goods the benefit of a great re-

duction in prices. Simply because

he does not want to carry the goods

over, and anybody wanting any-

thing that way will find it to their

interest to call and see him before

purchasing elsewhere. This is no

advertising dodge but stubborn

facts, which anyone can prove by

calling on the undersigned. The

cash at the time of purchase will

insure you the close figures.

Articles of Incorporation.

Articles of incorporation were

filed with the secretary of state last

Tuesday of the Chaska Dairy as-

sociation in the village of Chaska,

Carver county, formed for the pur-

pose of holding or selling real es-

tate and for agricultural purposes,

and holding land for grazing pur-

poses to be used by the members of

the corporation. The amount of

capital stock is placed at \$3,000,

divided into shares of \$30 each,

which is to be paid in at the time

of the delivery of the stock. The

indebtedness is limited to \$1,500,

and permission is given to increase

the capital stock at any time by a

two thirds vote of the directors.

The incorporators are thirty-seven

in number, and all residents of

A Big Snow Storm.

It commenced to snow last Sat-

urday and it has kept at it, at inter-

vals nearly ever since, and indica-

tions are that it will wind up with

a genuine "old blizzard" before it

quits. Snow is very deep and a

brisk wind storm will blockade

everything.

The Library Ball.

The Library Association of this

village are making extensive pre-

parations for a grand ball on Fri-

day Evening, Febr. 22nd, Wash-

ington's Birthday, for the benefit

of the Association. A number of

couples from Jordan, Shakopee and

Carver, have signified their in-

tenion of being present, and we have

every reason to believe, that this

will be the ball of the season. Tick-

ets for sale at the Drug-Store, and

at the principal stores in town.

Our genial County Attorney is mourning the loss of a 23 lb. Ham, which suddenly disappeared from his wood shed one night last week. He says it was remarkably strong for a youngster.

Wood thieves are numerous in town this winter; they are also particular and notional in their desires. They only want the best maple and sawed and split to suit that.

Cologne Mill.
The flouring mill at Cologne, will commence grinding next week. It has under gone, a thorough overhauling, and the latest improvements added, so that it will now rank with the best patent mills in the State, and must turn out the very best brand of flour made. Give it a trial and convince yourself.

Married.
At the Catholic Church, Chaska, on Tuesday, February 19th 1884, by the Rev. Father Clementinus, Mr. Henry Peters to Miss Lena Van Muelken, daughter of Jacob Van Muelken, of Chaska.

Weddings have been numerous of late, but the interest usually following an event of that kind has not subsided, and consequently the Church was filled to witness the impressive ceremony of the Catholic Church which united the happy couple.

After the ceremony the happy couple, with a large company of invited guests repaired to the residence of the brides parents, Mr. & Mrs. Van Muelken, in honor of their daughter's marriage, tendered the invited guests, to the number of several hundred, an elegant wedding reception, lasting from 10 o'clock a. m. until early next morning. We are glad to learn that Peter Harris who a few months ago met with a severe fracture of the right leg, is now able to walk around again. This was more than many of his friends expected as the limb had to be broken again several weeks after the first setting, which was a disgraceful piece of malpractice.

To an outside observer it would seem as if the mighty wheat corporations of Milwaukee and Minneapolis have combined with the Chicago railroad in an effort to crush out all competition in the shape of private elevators.

How much has been said in our state of the evils of monopolies and how little has been done to check their crushing power. How long will the people of Minn. continue to send men to the legislature who so readily become the servants of the R. R. companies, the millers association and the state prison ring?

"Extraordinary Cure."
I consider it a duty as well as a pleasure to make this statement. For over three years I had been coughing very badly. It had increased so much, and become so bad, that physicians who examined me pronounced my lungs diseased. I was refused admission to insurance companies on the ground of my lungs being diseased and I began to think I was gone up on a business trip. I was taken with a severe fit of coughing on the street. I stopped in front of Spink & Co.'s drug store to rest—being very much exhausted from the effort. I was in such a desperate condition that I concluded to go in and see if they had anything that would give me temporary relief. I had tried everything I could hear of without effect, and had very little confidence in finding anything, but being desperate I thought I would try again. They recommended their North Star Lung and Throat Balsam; I took it, and strange as it may seem, I have never had that cough since. I consider that I am entirely well and give the North Star Lung and Throat Balsam full credit for it.

The towns of Chanhassen and Dahlgren, in this county will vote on the liquor license question this spring. Notices are posted to that effect and a hot fight is anticipated in both towns.

The *Shakopee Courier*, was a red hot Fitz John Porter issue last week. Charley was a good soldier in the army of the Potomac, and knows whereof he speaks. No faint heart about Stevens.

From present indications we think the farmers of the State will have something to say as to who shall represent the different counties in the next Legislature. They have woken up?

The *Carver Free Press* last week, contained the first chapter of its black list, made up entirely of non-residents. We are watching for the county list and the effect its publication will have.

Our old friend M. C. Russel, has recently purchased the Lake City Sentinel, and assumed full control. Friend Morris, is a spicy writer and will make the *Sentinel* an interesting paper. We wish him success.

Mayor Ames, is out in a card announcing himself as an independent candidate for Mayor this spring. From what we hear, we think there is good ground for thinking that he will be badly left at the election.

The Democratic National Committee met recently at Washington, and fixed the place and time of meeting of the convention. Chicago was selected as the place of meeting, and July 8th as the time. The Chicago candidate is bound to be elected this year.

Genl. Logan, is an aspirant for the republican nomination for President. The General has a fair record, but he is entirely to "narrow minded and narrow gugged" to fill the chair once occupied by Geo. Washington. He resembles his accendancy Hayes too much to succeed in his attempt.

"The Hastings & Dakota Editorial Association ought to hold a regular meeting. Glencoe will receive and entertain all Bros. Hoard, Coghlan, Bennett, Hess, Lane, Gordon, DuToit, Todd, Gillit, et al., what say you?"

By all means, Bros. Heatwole, Glencoe is just the place to insure a large gathering. We were away from home at the time of the last meeting, but will gladly join our brethren this year at Glencoe.

The farmers of the Red River Valley, have taken hold of the transportation matter themselves in a determined manner, and after two or three interviews with President Hill, and other managers of the Manitoba Railroad, have secured a promise of reduction in transportation rates. Now we should think that our Railroad Commissioner Baker, would immediately tender his resignation. He has been in office over two years and accomplished nothing—he has too much respect for the Railroads.

Cor. John E. Tourtellote, formerly Colonel of the Gallant 4 Minn Vet Infy, who was brevetted Brig Genl, for his brave defence of Allatoona pass, and since the war on the staff of Genl. Sherman, has been granted a years leave of absence, and will spend it in sight seeing in Europe. The boys of the "old fourth" wish him a pleasant and profitable journey.

Valley Herald.

A. L. & F. E. DUBOIS, Publishers.
CHAS. A. MINNESOTA

The floods of the Ohio and tributaries are rapidly subsiding. A further extension of the damage is said to be appalling while the fear of future operations on the same sort of operations as a discouragement to any effort.

The papers report that many people who have suffered by the loss of property from the floods of the Ohio and its tributaries, are proposing to sell and "go west." They could stand a flood occasionally on alternate years, but drowning out every year is beyond endurance.

There seems to be a general impression that wheat will run lower this year than during the last but the fact cannot be determined until much later in the season. Farmers will probably find it a paying crop, however, but should find an anchor in wheat, by planting other crops that are sure to be in demand. Good farmers have long ago ceased to put all their eggs in one basket.

There are a large number of profits in the gold mines in North Carolina, and it is said the yield of gold is far greater than in any State east of the Rocky Mountains—its times greater in fact. It is affirmed by scientific people that there is today far more gold in North Carolina than there is in California. Northern and Western capitalists are finding this out, and it is a matter of record that over \$2,000,000 of New England capital was during 1893 put in mining machinery.

Arrangements are in progress to run a train from Chicago to Portland, Oregon, via the Northern Pacific railroad in five days. The present time from St. Paul to Portland is four days. It is expected that the pleasure travel over this route will be very large this year. Thousands of people were deterred from going over last fall owing to the late season of the season before the road was in full working order. Many will go to seek for locations in Oregon and in the territory of Washington, and many others to see for themselves the wonders that have been so vividly described by tourists.

Much has been written about the supposed danger of petroleum giving out, and the effect of such a catastrophe. But the evil day is evidently afar off. The wells in this country give no signs of coming exhausted, and abroad it is said that the final was never plenty. Russian petroleum, whose production has risen from 56,000,000 gallons in 1875 to 200,000,000 gallons in 1892. The supply is practically inexhaustible. Spontaneous wells are found over a vast area, and water communication exists from the Caspian to the Mediterranean. There are facts often forgotten, but they are facts all the same, working their will on theories of oil prices.

Many cities and towns of Connecticut voted money and bonds to aid in building of railroads and they are now heavily taxed to meet their obligations, and are seeking to escape from their burdens. A bill was introduced in the legislature to devote one percent of the amount received by the state from taxes on railroads to paying off the bonds of towns and cities. The amount of taxes received by the state from railroads for the year 1893 was \$385,000. If one quarter of this was devoted to paying off of town bonds, it would only amount to \$97,000 a year, which would not go very far toward relieving the towns. It is probable that the towns which have put themselves in this bad fix will have to find some other way out of their difficulties. Not one of the towns voting the bonds will admit that the slightest benefit has been derived from the roads, or that the bonds were really necessary to obtain the roads.

People of the Ohio valley may possibly be consoled by statements that others have suffered greater calamities from floods. They are reminded that over one hundred thousand lives were lost by one flood in Holland and that whole provinces have been washed away. The flood on the Rhine two years ago was more appalling than that on the Ohio of this year. That on the Tiber in Sicily was far more awful in the loss of life. The city of Rome in the north of Italy has visited destruction on the people of that country from time immemorial, though less to the height of thirty feet have been constructed to turn back the waves. The great Hong-Ho of China has inflicted more loss of life than all the rivers of Europe and America combined, and this despite the marvelous levees, said to be a hundred feet high, raised to hold its waters. There is a curious fact that the valleys of all these streams are still densely populated; therefore, it may be presumed that the floods in the valley of the Ohio, though of frequent occurrence, will have no marked effect in the future so far as density of population is concerned.

The mining season of the winter is the discovery of gold in the Cent. of the great mountains, lying south of the great detour made by the Northern Pacific railroad to pass around the Bitter Root range. The nearest station to reach the diggings is Rathdrum in Idaho. Rathdrum is 1500 miles from St. Paul and the last station before reaching Washington territory. The Cent. of Idaho country is so called from the beautiful lake to which the early French travelers gave this pretty name. The mining country in Eagle City, about 40 miles from the railroad, the nearest point of which has been plotted for a new station and town called Belknap. Hundreds of miners have already reached Eagle City and are camped on the woods and the snow six or eight feet deep. There will probably be a great deal of suffering in the new mining camps and bitter disappointments, but it reports can be relied upon that there is much gold there. A few may be fortunate and become greatly enriched, but the masses can hardly do much better than if they had remained at home.

PROCEEDINGS OF CONGRESS.

The commencement of the week business in congress is a bill placed before the senate before introduced by Mr. McMillan, to provide for the erection of a public building at Washington. It appropriates for this purpose \$100,000 and \$200,000, or so much thereof as may be necessary for the purchase of a site.

The resolutions of the St. Paul chamber of commerce and Minneapolis board of trade opposing the forfeiture of Northern Pacific lands were presented by Mr. McMillan. In publishing the school report

of the Chaska District, we used an

old heading, and our printer in

correcting the same, left the words

stead of "February." 1884. Prof.

Taylor, has called our attention to

the same and we gladly correct.

Death of Rev. D. Z. Smith.

The sad intelligence of the death

of the Rev. D. Z. Smith, of Lake-

town, reached us last Friday, and

while it was not unexpected, it yet

caused much sorrow, as perhaps few

persons in this county had more

warm friends than Mr. Smith.

We will not attempt to write an

obituary notice not being familiar

enough with the life record of that

gentleman to do him justice, but

expect a suitable contribution for

our next issue, and in the mean

time extend the afflicted family our

deepest sympathy in their bereave-

ment.

Boom in Wheat.

Wheat has brought 92 cents per

bushel in this market for nearly

two weeks, and many farmers are

taking advantage of the advance

and marketing, but not to the ex-

tent expected. Many of them still

hope to get a dollar a bushel and

will hold till May and June for

that price. We are inclined to think

they will be disappointed and think

they should sell at present price.
